

Lull Telehandler Part

Lull Telehandler Parts - Lull telehandlers have been supplying precision load placement ever since 1959. Whether the task entails transferring loads, positioning heavy steel or landing loads on scaffoldings, using a Lull telehandler will help make the job go easier and faster. These units are available together with the patented Stabil-Trak stability system to ensure operator confidence.

The Lull horizontal load placement system provides 80 inches of boom travel for precision placement capabilities. Different optional attachments is available for Lull telehandlers to be able to help finish whichever task.
